RAILROADS DENIED APPEAL FOR HIGHER FREIGHTS IN SOUTHWEST

Interstate Commerce Commission Refuses to Permit Tampering With Rates Most Vital to Southwest Producers.

WASHINGTON, Aug. 11.—The interstate commerce commission today gave its decision in the western freight rate case, allowing advances in bituminous coal, coke, fruit and vegetables and denying increases on grain, livestock, packinghouse products, fertilizers and broom corn. The decision allows some of the increases asked and denies almost an equal number.

The commission summarized its decision as follows:

"Proposed increased carload rates on grain and grain products considered as one commodity, not justified."

"Proposed increase from 30,000 pounds to 40,000 pounds in the minimum carload weight of grain products justified."

"Proposed increased carload rates on livestock not justified."

"Proposed increased carload rates on packinghouse products and fresh meats, except as indicated between points on the Missouri river, not justified."

"Proposed increased carload rates on fertilizer and fertilizer materials not justified."

"Proposed increased rates on bituminous coal, except as to South Dakota points justified. The rates on coke here proposed which are the same as on coal, justified."

"Proposed increased carload rates on broomcorn not justified."

"Proposed increased import rates and proposed increases in carload minimum from gulf ports justified."

"Proposed increased carload rates on fruit and vegetables justified."

"Proposed increased carload rates on hay and straw, where not in excess of class C, justified."

"Proposed increased any quantity rates on cotton piece goods and proposed increased carload rates from points in Texas not justified."

The decision affects freight rates mainly west of the Mississippi and in the southwest. Indirectly, however, it affects every railroad in the United States and the commission today served notice of its action upon 2,300 great and small lines. The decision denies all the more important increases. The advances granted are, in the viewpoint of the commission, of relatively little significance.

ALLEGED FORGER CAUGHT

No Delay in Sacking of One H. New man—Taken to Yukon

The law moved quickly in the case of Henry Newman, alleged bad check artist of Yukon, this morning. Within 5 minutes after the police had been notified by the Yukon officers to look out for Newman, he was picked up by Officer John Lang. An hour later he was on his way back to Yukon to face the charges of giving the worthless paper.

POLICE PREPARE FOR FAIR

Entire Force Will Be on Hand to Protect Visitors During Exhibit

Vacations by members of the police department will come to an abrupt end when the state fair begins at the last of September, according to an announcement from police headquarters. Those who have not yet received their annual two weeks' vacation must arrange it before the opening of the fair, as the entire force will be on duty during the ten days' carnival.

TREASURE SHIP ELUDES GERMANS

75 Tons of Golden Eagles Slide Into New York Via Halifax, Nova Scotia

NEW YORK, Aug. 11.—A special train carrying \$52,000,000 worth of gold and securities, which had been shipped by the Bank of England from London by the way of Halifax, N. S., to this city, arrived here today. The train was composed of several steel cars and was guarded by forty armed men.

Of the total shipment \$35,000,000 was believed to be in the form of American double eagles. The weight of the gold shipment was about 75 tons. It was said to be the largest shipment of gold ever sent across the Atlantic ocean in a vessel.

It was brought over in a British battleship, which was convoyed through the war zone and across the seas by a cruiser and a flotilla of

Feels Sympathy But Can't Rescue Downtrodden Man

Assistant Attorney General R. E. Woods, writing for the attorney general's office, has expressed the sympathy of that department for a man at Vian who has been convicted of vagrancy and given a heavy jail sentence, but the attorney general's assistants, he is informed, cannot take up his case and fight it through the courts for him, as requested.

The Vian citizen represents himself as being downtrodden. He wasn't really guilty of vagrancy. It was all a mistake to convict him of that offense. He hadn't done anything, however, but others had it in for him.

The first thing he knew he was arrested and slapped into jail. Then they tried him for vagrancy and stuck him with a heavy penalty.

NO DECISION MADE

Now Believed That Supreme Court Will Not Report on Gross Production Tax Until September

Those who expected the supreme court would hand down a decision in the Wolverine Oil company case, involving the validity of the gross production tax, were disappointed. It is believed that the court will hand down no decision in this case until September.

Pending this decision the funds received are being held by the state auditor. The law imposing the 2 per cent tax became effective March 1 last, and the fund now amounts to \$287,760.22.

German Scientist Claims to Have Discovered New Method of Making

DRESDEN, Aug. 11.—German scientists have discovered a method of making print paper without cellulose. It is alleged that tests have proved this new method better than the old and that it will cheaper prices and make Germany independent of foreign countries for this article.

TRYING FOURTH OF STARR GANG

Bud Maxwell Faces Jury—Charles Johnson Acquitted, Then Re-Arrested on New Charge

CHANDLER, Ok., Aug. 11.—"Bud" Maxwell, fourth of the members of the Henry Starr band of robbers to be placed on trial here for taking part in the robbery of two banks at Strand, Ok., last March, was expected to take the witness stand today in his own defense. Maxwell's trial began yesterday upon the completion of the trial of Charles Johnson. Johnson was acquitted by the jury on a charge of aiding in the robbery, but was re-arrested, charged with receiving money stolen in the raid on the banks.

Charlie Sawyer, the second of the alleged robbers to be tried, was found guilty and sentenced a few days ago to five years in the penitentiary. Prior to that Henry Starr, the leader of the gang, pleaded guilty and was sentenced to 25 years in prison. Before the trials began Lewis Estes pleaded guilty.

The meeting of the bar association had been called by E. G. McAdams, president of the organization. He said

SCHOOL WATERS AGAIN STORMY

Second Injunction Suit Against Edwards Faction Gets Airing Wednesday

APLICATION of Grant Stanley for an injunction against the "Edwards faction" of the school board to prevent their signing teachers' contracts and to hold void the contracts signed while F. B. Dixon held a seat upon the school board was heard by District Judge John W. Hayson Wednesday morning.

The record of the suit in which Dixon was ousted from his seat, the charter of the school board and many proceedings of that body were read into the record by the attorneys for the plaintiff, Stanley and H. M. Fairley, secretary of the board, were called to the witness stand and questioned briefly; the former as to the filling of this suit and the latter to identify records of the school board.

After arguments had been made by attorneys in the case Judge Hayson announced that he would reserve his decision until Thursday morning. The trial was composed of several steel cars and was guarded by forty armed men.

The defense asserted that Dixon, while seated, held a "de facto" office, which would make contracts signed by him legal ones. They also claim that an injunction cannot be issued against the four members of the "Edwards faction" without blinding the other members of the school board equally.

Two stores are advised that Times readers buy 130 pounds of tea every day in the year, 40,000 pounds for the entire year.

Over fifty per cent of the 8,000 loaves eaten daily by Times readers is baked in the home, principally because bakers have not shown the housewife how it is cheaper and more healthful to buy bakers' bread.
